

Professional Learning Facilitator (PLF) – Nebraska (prefer Omaha/Lincoln area)

About Us

Educational Design Solutions (EDS),

We are a Kansas-based company, established in 2003 devoted to student and teacher success. EDS provides educational support with on-site and personalized learning solutions that get proven results. We partner with approximately 1,800 local schools to accelerate gains and help students succeed. We work with schools in Kansas, Missouri and Nebraska.

Our team has over 177 years of combined teaching experience in the K-12 system, with an additional 86+ years supporting educators thru our EDS partners. Our training to teachers is what sets EDS apart. Because our staff has shared experience with educators, we not only know how to help educators select the right solution, but most importantly how to implement the software into your classroom.

Responsibilities of Professional Learning Facilitator (PLF)

- Train teachers and administrators to effectively implement our partner programs
- Train and support teachers and administrators on best practices for data and instruction
- Communicate effectively with teachers, technology staff, school and district leaders, partner companies, sales partners, and the implementation team in order to build relationships and optimize client and team experiences
- Seek out and participate in learning opportunities, including internal training, webinars, and team meetings, as well as staying up-to-date on program improvements
- Work in conjunction with the Executive Account Managers to identify and pursue growth opportunities
- Partner with sales to promote successful renewals and customer retention
- Participate in state & regional conferences and trade shows as needed
